

# Innovative Products for the N•E•X•Generation™

Nexus Dual Atriums®

## Uncompromising Quality

### Affordable Pricing • Outstanding Service

*“What impressed us most about building a greenhouse with Nexus was we got what we asked for. We built this structure for the next generation of ownership. There is great integrity in the engineering and design, we have reduced our utility bills, reduced climate-related losses, materials handling flows so much smoother and we have better quality and faster growth on our plants.”*

**Kevin Moss, President, Moss Greenhouses, Inc.**

Moss Greenhouses, Inc. • Jerome, Idaho

Founded in 1951, **Moss Greenhouses** has grown to 281,000 square feet of covered greenhouses and three acres of outside growing area. This third-generation business has expanded to include the latest in automated technology, a retail operation and a successful seedling department. The newest expansion, the state-of-the-art Dual Atrium range, was recently built by Nexus to help the Moss family meet the needs of their NEXGeneration.

For generations, industry leaders have looked to Nexus for their most high-tech and innovative greenhouse solutions. By continually adapting our offerings to the changing market, we build the future one generation at a time.

Nexus offers a broad range of greenhouse structures to meet your individual growing needs at an affordable price.

Call Nexus today to find out how you can become part of the NEXGeneration.
